On Saturday there was a grand display of bunting from the vessels alongside the wharf on the occasion of Mr A. Franer, the mate of the **tug steamer Dispatch**, entering the married state. A new signal was hoisted on board one of the cargo boats (which created a great deal of amusement) in the shape of a banner of peculiar design mounted crosswise. We wish the fair bride and bridegroom the usual compliments.

THURSDAY, AUGUST 16, 1883

The new winch for winding in the tow rope on board the **tug Dispatch** was tried yesterday and answered very well. As fast as the rope is wound in it goes down a hatchway. The winch is a great improvement and will lead to a great economy of time.
